About us

Maittreya clearly indicates friendship and we not only term this but we indulge ourselves into the philosophy. The Digital world is chaotic but here we believe in mindful marketing. We believe growth should be stable and not aggressive nor stressful.

We are building a relationship driven digital and creative agency, helping brands to grow with confidence and clarity. We specialise in building long term visibility through ethical, strategic and data backed SEO.

We believe real success is not built overnight but is built with patience. Digital Marketing as an industry is driven by shortcuts and quick fixes, but very few focus on long term sustainability. Here at Maittreya we choose to build something deeper - a growth partnership rooted in trust.

We have a very simple idea: Businesses don't need vendors, they need strategic allies.

Our Mission and Vision

To become a trusted digital partner for brands. To help grow brands through ethical means and penalty free growth.

We value integrity, honesty and long term sustainability over short term wins.
